TRAN CONG KHANH

Ho Chi Minh City, Viet Nam | +84 879 454 376 | khanhtran1254@gmail.com | LinkedIn | Portfolio

EDUCATION

University of Information Technology - VNUHCM
- Bachelor of Technology - Faculty of Computer Networking and Communications   CGPA: 7.5

PROFESSIONAL EXPERIENCE

KeyTechX

Full Stack Developer   Oct 2022 - Present
- Developed API endpoints and handled bug fixes in NestJS.
- Led code refactoring, performance optimization, and code reviews, ensuring best practices across projects.
- Enhanced developer efficiency by implementing solutions such as React Query, custom hooks, and reusable components.
- Automated deployments for frontend projects with GitHub Actions.
- Deployed and managed applications on AWS (EC2, S3, Lambda, CloudWatch).
- Set up monitoring alerts integrated with SNS, ensuring proactive issue detection and notification via email.

ISOFH, JSC - Innovative Solution For Healthcare

Frontend Developer   Nov 2021 - Oct 2022
- Developed a pharmaceutical management system for tracking drug pricing and inventory across pharmacies.
- Optimized web performance and SEO, achieving 90+ Google PageSpeed scores by improving LCP, reducing load times through lazy loading, and enhancing code efficiency with code splitting.
- Designed project scaffolding, researched and integrated new technologies to improve development efficiency.
- Refactored existing codebases, migrating to TypeScript for better maintainability and scalability.

Taza Group

Frontend Intern   Sep 2021 - Nov 2021
- Contributed to the development of an HR management system (HRM) using ReactJS and Firebase.
- Translated Figma designs into interactive and responsive UI components.
